24) The agreement provides that the Candidate should serve the State, if called upon by Govt. But from the Senior Surgeon's letter in the file, one is led to imagine that he is not aware of the Stipendiary Candidates who qualify from time to time.

25) As the decision of the question whether it is necessary to call upon any particular medical Stipendiary Student to serve the State on being fully qualified, rests with the Senior Surgeon practically, ~~it is necessary~~ some arrangement is required by which he will receive intimation as soon as a Stipendiary Med[l] Candidate has qualified himself.'

over the scholars to whom scholarships are granted, note their progress from time to time and take steps to enforce the covenants executed by them, should they fail to abide by the conditions thereof. In the present case it is said that the scholar did not apply in writing for an appointment in the State Service but then it is not clear why when he failed to do so, action was not taken against him and he was not called upon to take up service or refund the amount paid according to the terms of his contract. A report may be called for from the Inspector-General of Education as to what check is being exercised in this matter and what additional precautions, if any, are necessary.

4) In the case of Foreign Scholarships, a time limit of 6 months from the date of the candidate's return to Bangalore is prescribed within which employment should be offered to him. It is most unreasonable to expect any one to wait for any indefinite period without any definite assurance of employment. These rules will apply to Dispersion and foreign scholarships.

3. I would also submit for consideration in this connection whether we should not regard a certain percentage of the technical & other scholarships as being given merely for the development of education irrespective of the needs of the service and fix the actual number to which a candidate to serve should be attached having regard to the requirements of the state from year to year

He was a very deligent and painstaking student and has had a very successful career at this College. He passed in the 1st class in the Intermediate M.B.B.S. examination and in the M.B.B.S. degree examination he stood second on the pass list. He took great interest in the College Gymkhana affairs and was a very enthusiastic sportsman. His conduct was very good. In my opinion he is deserving of every encouragement in the prosecution of further studies and I feel sure he will give satisfaction in any appointment to which he may be posted.

I very gladly accede to Mr. Krishnamurthi's request for a testimonial.

He has worked as a House Physician and Surgeon under me at Coonoor for about 4 or 5 months and has shown himself to be an exceptionally well qualified and capable man. In the wards at his clinical work, in the operating room, and in the clinical laboratary he has displayed a very thorough acquaintance with his profession.

His personal manners and behaviour have been excellent. I wish him every success in his professional career and I believe he will achieve success without difficulty.

Sir

With reference to your memo no 5938 med 8. 15. 33 of 14th Feb 16 which reached me here on 12th inst 16. I beg to inform you that on Completion of medical course at Bombay in June 1914, I made several personal applications to the Senior Surgeon with the Govt of Mysore for an appointment as an Assistant Surgeon, and in anticipation of an appointment, I worked for some time as post graduate in the Victoria Hospital, Bangalore. with the kind permission of the medical officer of that institution. The Senior Surgeon to the Govt of Mysore told me on several occasions that there were no vacancies in the Mysore Medical department for an Assistant Surgeon and gave me the option of accepting a Sub-Assistant Surgeon's place which I was not prepared to accept both because I had not taken up the study of medicine with a view to becoming a Sub-assistant Surgeon and because my training at Bombay was to qualify me as an Assistant Surgeon and not as a Sub-asst. Surgeon

On completing the medical course at-

at Bombay. I waited for 16 months during which time, as above mentioned. I made several applications for an appointment as an Assistant Surgeon under the Govt. of Mysore. I beg to claim that by not utilizing my services when they were offered, the Govt. of Mysore waived their claim, if any, on my services.

I should like to point out that in accepting a temporary Commission in the Indian Medical Service, I had no dishonest intention to deceive or show ingratitude to the Govt. of Mysore for their kindness in giving part of my expenses in the Medical College at Bombay; and that, if my letter of 3rd. Oct '15 had been acknowledged in due time, I should have asked for permission to accept service outside the State. At a time when there was a great demand for medical men in the various theatres of this world wide war, I thought it my duty that I should serve His Majesty the King Emperor, instead of wasting my time, and with this object in view, I accepted a temporary Commission stating my desire to proceed on Active service. I trust that the Govt. of Mysore will not deem this action of mine as dishonest or disloyal.

I beg to remain

SIR,

With reference to your letter No.1601/Med.8-15-48 dated the 28th August 1916, calling for information on certain points in connection with the order for enforcing the covenant executed by Mr. Y.V. Krishna Murthi, Mysore Government Scholarship holder, I have the honour to inform you regarding para 1 of the letter under reference, that the scholarship holder, on enquiry, is found to have accepted a commission in the army and is now serving at the War Front in France. It would, therefore be not possible to enforce on Mr. Krishna Murti, the fulfilment of the terms of the agreement executed by him, till his return to Mysore.

As regards para 2 and para 3 of the letter, the scholarship-holde have not hitherto been reporting themselves regularly after the completion of their study, to either the Inspector General of Education or the Head of any other Department, and as such Mr. Krishna Murthi did not report himself either to me or to the Senior Surgeon. I am of opinion that a time limit of six months from the date of return to Bangalore for accepting service elsewhere should be prescribed as in the case of Foreign scholars.
